

CIVIC GRANTS COMMISSION MEETING NOTICE

Thursday May 21, 2026

5:30 p.m.

City Administration Building Committee Room
2424 15th Avenue, South Milwaukee 53172.

1. Call to order/Roll Call.
2. Approval of March 19, 2026 meeting minutes.
3. Presentations by civic grant applicants.
4. Update on previous grant recipient projects.
5. Discussion of the Bucyrus Civic Grant Program criteria and eligibility requirements.
6. Adjourn.

Posted May 15, 2026

PLEASE NOTE: Upon reasonable notice, a good faith effort will be made to accommodate the needs of disabled individuals through sign language, interpreters or other auxiliary aid at no cost to the individual to participate in public meetings. Due to the difficulty in finding interpreters, requests should be made as far in advance as possible, preferably a minimum of 48 hours. For additional information or to request this service, contact the South Milwaukee City Clerk at 414-762-2222 or write to ADA Coordinator, City Hall, 2424 15th Avenue, South Milwaukee Wisconsin 53171. The City of South Milwaukee is TDD equipped and can be accessed by calling 414-765-8060.

CITY OF SOUTH MILWAUKEE CIVIC GRANTS COMMISSION MEETING MINUTES

March 19, 2026

1. Call to order.

The meeting was called to order at 5:00 PM. Members present: Melissa Ellis, Ericka Lang, Aleta Schilling and Ald. David Bartoshevich. Dave Kieck was absent.

2. Approval of May 7, 2025 minutes.

Ellis motioned to approve the meeting minutes, seconded by Bartoshevich. Vote unanimous.

3. Update on 2025 Bucyrus Civic Grant recipients.

Lang reviewed the list of 2025 grant recipients. To date, three of the six completed their projects and provided financial reports. Grant funds require use by May 31, 2026 unless an extension was granted. Reports will be provided to commissioners at the next meeting.

4. Consideration of eligible nonprofit requests to apply for 2026 Bucyrus Civic Grant funding.

Commissioners reviewed six Letters of Interests:

The local nonprofit Growing South Milwaukee's ArtWorks requests \$15,000: \$10,000 to hire a professional grant writer for finding funds for future murals and \$5,000 to hire for professional services to market the murals and create a walking tour and other promotions.

Commissioners agreed both items meet eligibility criteria and request clear deliverables with the application.

The South Milwaukee Bucyrus Museum requests \$3,730: \$2,460 for a laptop and Microsoft license to host data to digitally display Bucyrus employee archives and publications for the public to access and \$1,270 to replace storage shelving with a type that allows more storage.

Commissioners agreed a new laptop dedicated to a new display for public access to archived materials is an improvement and eligible. The request for replacing the existing storage racks with eight new racks is considered maintenance and not eligible for the grant.

The **Friends of the South Milwaukee Public Library** requests \$6,000 to create a household tool lending library providing household, specialty tools and equipment located within the library. Funds are for purchasing the equipment and a storage system.

Commissioners agreed the new program meets grant program criteria.

The **South Milwaukee Historical Society** requests \$8,370 for various items:

\$240	Purchase (6) fireproof storage boxes w/ acid-free portfolios
\$3,500	Purchase fireproof 2-drawer lateral filing cabinet
\$270	Purchase microphone, halo light and video creation software
\$4,360	Purchase (2) 36"x24" Gaylord horizontal flat files and base

Commissioners discussed the three storage items and determined the items are considered general operating expenses and not eligible. Commissioners agreed storage equipment is not eligible. New equipment and supply requests require a list of existing items.

Commissioners agreed the microphone and video software meet eligibility requirements.

The **South Milwaukee Police Department** request \$3,500 to create a Ring Doorbell Camera Program and purchase 50 cameras to distribute in the community.

Commissioners agreed the program is eligible and request information about eligibility, subscription costs and access and process of accessing existing cameras.

First Responders Children's Foundation in partnership with local business ServPro request funds to create a specific fund to support a scholarship for a local student who lost a parent during the line of duty.

Commissioners agreed a local scholarship is fundraising and a form of sponsorship that does not meet eligibility criteria. It was also agreed nonprofits outside of the community are eligible to received funds if the funds are spent directly to benefit South Milwaukee.

5. Schedule next meeting.

The next meeting to review grant applications is Thursday May 21st at 5:00 PM.

6. Adjourn.

Schilling motioned to adjourn the meeting at 6:04 PM, seconded by Ellis. Vote unanimous.

Recorded by,

Ericka Lang
Economic Development Manager

South Milwaukee Bucyrus Civic Grant Awards Report 2023-2025

5/13/2026

Annual grant budget \$50,000. Minimum grant \$1,000, Maximum grant \$25,000

Organization	Grant	Description	Comment
2023 - - 8 applications, totaling \$83,800			
Friends of the South Milwaukee Library	\$16,300	New multi-use lab and learning space; upgrade children's play area	
South Milwaukee Police Department	\$5,000	New K9 unit

SM Civic Grant Text for 2026 Visitor Kiosk – South Milwaukee Industrial Museum LLC

1. SMIM LLC was formed as an educational museum by former Bucyrus International employees to preserve the 130-year+ history of Bucyrus and its related companies in South Milwaukee and to inspire a new generation to become innovators, engineers, and manufacturers. We provide access to our artifacts, photos, and literature to students for research and history evaluations.
2. SMIM has recently provided the SM Public Library with their lobby display and co-sponsored the First Congregational Church Community Meal, both in January. We supported the SM Human Concerns fundraiser in 2025, hosted our third SM Public Library Children's reading hour event in July of 2025 (and have the 4th one scheduled for 2026). We also raised funds to sponsor two SM Little League teams in 2025 and are sponsoring another in 2026. We recently donated historical items to both the South Milwaukee Historical Society and the SM Fire Department, and provided 4 scholarships to SM High School Seniors whose future studies were in the trades, engineering, or manufacturing areas.
3. (3a) The request We currently have a printed spreadsheet book that identifies former Bucyrus employees for guests to browse. We would like to be able to update and expand use of the information in the books by building a digital display that not only includes the employee spreadsheet, but a scanned copy of the original industrial relations employee sign-up ledger that currently resides behind our display case for visitors to browse.

(3b) The expenses that would be covered by the grant are for the core PC and one-time Microsoft Office license needed to run the software that will allow access to the information for visitors. We have selected a Lenovo ThinkPad X1 14" laptop (\$1,600.00) and the 2024 MS Office download (\$180.00). Total costs including tax for our grant request is \$1,880.00. The Museum will cover all other costs related to setup of the Kiosk, instruction panel, and graphics for our visitors. See attached specification sheets from Best Buy.

(3c) The Kiosk would not only allow our visitors access to family or personal history information, but would be expanded to include links to our searchable digital copies of the Bucyrus Erie publications like *SCOOP*, *Excavating Engineer*, and *Booming World*. There are also roughly 11,000 machine and factory photo images in our picture index for guests to enjoy. We would include the ability for guests to print a reasonable number of these pages in black and white at no charge.

Or Provide to: City of South Milwaukee, Attn: Economic Development 2424 15th Avenue, South Milwaukee, WI 53172	

Section 3: Project Information

1. In one paragraph, summarize organization history and mission

The City of South Milwaukee is a full service municipal government committed to maintaining safe and high quality public infrastructure, public spaces, and neighborhood amenities for residents, businesses, and visitors. Through its Department of Public Works and Engineering Division, the City manages public infrastructure assets throughout the community, including the urban forest within the public right of way. South Milwaukee is recognized as a Tree City USA community and has continued to invest in long term urban forestry management through annual capital funding for tree removal and replacement activities.

2. Summary of organization's recent activities

Recent City activities have focused on infrastructure maintenance and neighborhood improvement projects, including roadway reconstruction, ADA accessibility improvements, stormwater management upgrades, traffic safety initiatives, and urban forestry efforts. The City continues to manage tree removals and replacement planting related to aging trees, storm damage, infrastructure conflicts, and long term impacts from emerald ash borer. South Milwaukee currently allocates annual capital borrowing for tree removal and tree planting activities in order to continue rebuilding and maintaining the urban tree canopy. The City also continues to maintain and update its existing GIS based tree inventory as tree removals and replacements occur; however, the current inventory is based on data originally collected during the City's 2013-2014 emerald ash borer planning efforts and portions of the inventory are now outdated due to removals, replacement planting, storm damage, infrastructure projects, and changing tree conditions over the last decade.

3. Project

a. Description of each program/project. If equipment, IT, or supplies, describe how improves operations.

The City is seeking grant funding to support development of a comprehensive citywide tree inventory.

The City's last comprehensive inventory was completed as part of the City's 2013-2014 urban forestry and emerald ash borer planning efforts. Since that time, the City's urban forest has continued to change due to removals, replacement planting, storm damage, infrastructure projects, and ongoing maintenance activities. The existing inventory is now outdated and no longer provides reliable information for long term planning and management.

The project will update the City's existing GIS based public tree inventory for trees located within the public right of way throughout the community. Updated inventory data will include species, size, condition, maintenance needs, risk factors, vacancy locations, and geographic

information. The City already maintains the GIS platform and inventory software; however, the underlying inventory data requires a comprehensive field update due to changes that have occurred since the original inventory and emerald ash borer planning efforts. This information will improve operational efficiency by allowing staff to better prioritize maintenance, identify high risk or declining trees, schedule removals and replacements, respond to resident concerns, and develop long term management strategies based on current data.

b. List estimated expenses by program/project.

Estimated Tree Inventory Project Expenses:

- Professional urban forestry consultant services
- Field data collection and verification
- Public right of way tree condition and risk assessments
- Inventory database updates and reporting
- GIS integration and mapping updates
- Staff training and implementation support

c. What is the need for and significance of this project and who will be served?

The City's urban tree canopy is an important public asset that provides environmental, economic, and community benefits. Many public trees have been lost over time due to emerald ash borer, age, storm damage, and necessary infrastructure improvements. While the City has recently begun dedicating annual capital funding toward tree planting and tree removal activities, long term urban forestry planning remains limited by the lack of an updated and reliable tree inventory.

The City's last comprehensive inventory was completed during the City's emerald ash borer planning efforts and primarily focused on documenting ash trees and related impacts from emerald ash borer. Since then, tree conditions, species composition, and canopy distribution have changed significantly. An updated inventory is needed to provide accurate data for maintenance planning, budgeting, replacement scheduling, risk management, and future canopy expansion efforts.

The project will improve the City's ability to proactively manage public tree assets while supporting long term sustainability and resiliency goals. An updated inventory will allow the City to make more informed maintenance, removal, and replacement decisions while supporting long term urban forestry planning and budgeting efforts.

This project will benefit all residents, businesses, and visitors throughout the City by improving public spaces and strengthening the City's long term urban forestry program.

d. What will be the key methods and activities to operate/implement this project?

Key project activities will include:

- Development of a GIS based tree inventory framework
- Field data collection and condition assessment of public trees
- Integration of inventory data into City GIS and asset management systems
- Staff training and long term inventory maintenance procedures

The City's Engineering and Public Works staff will oversee project coordination and implementation in partnership with qualified contractors and urban forestry professionals.

4. When will the project start and finish?

The project is anticipated to begin during Summer or Fall 2026 following grant award approval and consultant procurement. Field inventory work and GIS updates are anticipated to occur throughout late 2026, with final inventory deliverables and project completion anticipated by Spring 2027.

- 1.) In partnership with the community, we strive to enhance the quality of life through the reduction of crime, fear, and disorder.
- 2.) The South Milwaukee Police Department takes an active roll in all city activities and functions, such as block watch, safety fairs, Community Night Out, Crime Prevention, business & residential security surveys, etc.
- 3.) Eligibility criteria – Any South Milwaukee homeowner or renter, who does not currently have a camera system for their residence would be eligible to apply for this program. Preference would first be given to lower income residents residing in South Milwaukee.

Subscription Responsibilities – The basic ring cameras that we would be giving out do not require a subscription. Residents can download footage and go back to review footage, but the retention period is shorter. Those who would like an annual subscription would be able to do so, but would be responsible for that annual cost. A subscription would give a resident the ability to retain video and go back to search for video in Ring's Cloud Storage, which I believe is searchable for several years.

Access – the application for this program would include an agreement with the resident to share video with the South Milwaukee PD when the PD is investigating an incident and an officer makes this request in person at their residence. We would also have a database of the addresses that have Ring cameras that were distributed through this program. This would enable officers to see how many residences in a certain area have cameras that could have potential footage of an incident.

- 4.) The project will start once we have secured the funding to get it off the ground. I do not have a projected finish date as of yet, as we are going to keep the application open until we run out of cameras to distribute this year.

1. History and Mission

Art Works was created in January 2023 by five business and building owners on Milwaukee Avenue. It was organized to raise money to create murals for our downtown. Our mission is to develop our downtown into a mural tour destination, adding up to 2 murals every summer. South Milwaukee is tucked away in a beautiful corner of Wisconsin yet so many people are not aware of all the great things in our community. We want to draw in people from surrounding areas as well as our own community to enjoy all that South Milwaukee has to offer. We also believe this will draw in more small businesses interested in being a part of the revival of our downtown.

2. Recent Activity

- a) During the summer and fall of 2024/2025 we have added 5 new murals, the “Little Shop of Horrors, the Wood Stock Tribute, the Veterans Mural, the Azteca mural and Sam the Sasquatch at the SM Commons.
- b) One additional Mural was added outside of this committee’s effort, but we believe was inspired by this committee’s work. Joan of Arc was painted on Virtue Coffee and Wine.
- c) We continue to encourage support through “change makes change” as an on-going fundraiser which involves ten businesses hosting our change donation boxes on their counters. We raise approximately \$500 annually.
- d) We continue to do our annual “Meals for Murals” fundraiser with Azteca Mexican Restaurant, collecting 20% of food sales on a selected night. We raise approximately \$600 -\$700 annually at this event.
- e) We are currently organizing our 4th annual, “Paint the Town” Fundraiser. This year’s event will be held in the fall; the date is TBD. Ideas for the event are leaning toward a formal sit-down dinner with live music, Artists live painting to music and a live auction of 2 to 3 pieces from the evening will take place.

3. Project

- a) Describe the project – Our project will diversify how we fund future community murals by building our ability to successfully apply for grants. Our goal is to secure up to 50% of the funding needed each year through grant opportunities so we can continue adding new murals to our community. Hiring a grant writer to help us create a library of verbiage for grants and to help identify suitable grants to apply for.

Marketing is another area where we are seeking a lasting impact. By strengthening our branding and building a stronger social media presence, we can increase community awareness, attract new supporters, and create

greater visibility for our mural projects. We plan to hire a recent graduate with marketing experience to help establish a professional and sustainable social media strategy that our organization can continue using long after the initial project is complete.

- b) List of expenses - \$10,000 to hire recommended Free-Lance Grant Writer for a 3 month contract for the summer 2026 and \$5000 for hiring the Marketing Specialist for the 2026/2027 Mural Season. See attached proposals.
- c) What is the need – South Milwaukee is doing a great job of revitalizing our downtown, but it's a big job and we want to help.
- d) Key Methods – If we get awarded the grant, we will hire both the Free lance grant writer and the marketing specialist. See proposed contracts attached as supportive documents.

4. How will the money be used?

The money will be used to cover the cost of the free-lance grant writer and the marketing specialist.

5. When will it start and finish?

The contract with the free lance grant writer will be a 3-month contract starting as early as June 2026. The marketing specialist will begin her engagement with Art Works this summer and will continue through 2026/2027 until funds run out or the 3rd event has been completed.

Proposal for Grant Development Services

Growing South Milwaukee Art Works

Amount: \$10,000

Project Term: June 1, 2026 – August 31, 2026

Consultant: Erica Davis, Freelance Grant Writer

Project Overview

Growing South Milwaukee Art Works is seeking grant development support which would include a three-month contract with **Erica Davis, Freelance Grant Writer**, to strengthen the organization's long-term fundraising capacity for its expanding **Mural Initiative**.

The Mural Initiative is designed to transform public spaces throughout South Milwaukee into vibrant works of art that celebrate culture and community identity while creating opportunities for neighborhood engagement and economic revitalization. To ensure the sustainability of this initiative, Art Works recognizes the need for a strategic and professional grant development process.

Scope of Work

During the contract period, Ms. Davis will provide the following services:

- Utilize specialized **grant research software** to identify local, regional, and national funding opportunities aligned with Art Works' mission.
- Conduct interviews with the Art Works leadership team to gain a full understanding of the Mural Initiative and organizational goals.
- Gather project details, community impact data, and program priorities to build a stronger funding narrative.
- Develop **standardized grant language and supporting materials** that can be reused for future applications.
- Evaluate and recommend the most appropriate grant opportunities that best match the organization's needs.
- Create a strategic funding roadmap to improve future grant submission success.

Expected Outcomes

At the completion of the three-month contract, Growing South Milwaukee Art Works will have:

- A library of professional, reusable grant narrative content
- A clearer understanding of funding sources best suited for the Mural Initiative
- A stronger grant readiness process for future applications
- Increased organizational capacity to secure sustainable project funding

Growing South Milwaukee Art Works Committee

Marketing & Outreach Support

Project Summary

The Growing South Milwaukee Art Works Committee requests \$5,000 to support marketing and outreach for public art initiatives. Through the Downtown Mural Initiative, the committee has raised funds and completed multiple murals that celebrate Art and Community. This funding will cover marketing services, paid advertising, and outreach to promote the next three Art Works events, increase public awareness, and raise funds for additional murals. Strategic marketing will ensure these initiatives reach residents, businesses, and visitors while highlighting the City's commitment to arts and community development.

Scope of work

The \$5000 will support marketing staff time to plan and execute campaigns, develop content, coordinate with city partners, and manage outreach across multiple platforms. The committee will feature Art Works initiatives in the City's monthly business newsletter and promote upcoming large community events through the City's Facebook platform. Grant funds will also support paid digital advertising and printed materials such as flyers and signage.

Community Impact

With marketing support, the committee expects increased attendance at the next three events, broader awareness of public art initiatives, and stronger fundraising for future murals. This investment will support local businesses, strengthen community pride, and contribute to long-term sustainability and recognition of public art throughout South Milwaukee.

About the Marketing Lead

Hello, my name is Abby Benn. I recently graduated from UW–Whitewater with a degree in Marketing and have experience creating Meta ads, writing content for newspapers and magazines, developing blog posts, and producing social media content. I will manage promotional efforts for the committee, coordinate with City Communications, and make sure to have consistent outreach across platforms.

Growing South Milwaukee | 2026 Organizational Budget

If there is more than one project or unrelated item, provide separate answers for Questions 3 - 4	
1. In one paragraph, summarize organization history and mission 2. Summary of organization's recent activities 3. Project: a. Description of each program/project. If equipment, IT, or supplies, describe how improves operations. b. List estimated expenses by program/project. c. What is the need for and significance of this project and who will be served? d. What will be the key methods and activities to operate/implement this project? 4. When will the project start and finish?	
Additional Submittals Required	
• Statement of Revenue and Expense for your most recently completed fiscal year • Total organizational budget for current fiscal year	
Applicant Signature 	Date 04/28/26
Submit application and required documents to: elang@smwi.org with Subject labeled <i>Civic Grant Application</i>	
Or Provide to: City of South Milwaukee, Attn: Economic Development 2424 15 th Avenue, South Milwaukee, WI 53172	

Section 3: Project Information

1. Organization history and mission

Interested people formed Friends of the South Milwaukee Library as a non-profit in 2019. Its mission was to advance and encourage use of the library and raise resources to meet the library's needs. Knowing the library receives no funding from the city for programming, the Friends began by selling books discarded by the library and donated by patrons to fund a summer reading program for children. Programs for teens and adults were quickly added. As funding was cut, the library became more dependent on its Friends to support all programming. The Friends is committed to raising and donating at least \$5,000 in 2026, up from \$4,000 a year from previous years to the South Milwaukee Public Library for its programs. The Friends share the library's vision to become a community anchor with outreach programs, space to socialize, training and enrichment opportunities for all ages.

2. Recent Activities

- Funded materials, prizes and programming for **379** library programs, including the Summer Reading Program, that attracted **8,486** attendees in 2025.
- Hosted bake sales and book sales that bring the community together and raise funds for the library.
- Started the Repair Café initiative in the Summer of 2025 offering free repairs in bicycles, textiles and electronics to South Milwaukee residents. We plan to offer this at least twice per year.

3a. Project Description: Tool Lending Library

The proposed project will establish and equip a **community Tool Lending Library**, based out of the South Milwaukee Public Library. This Tool library will enable residents to borrow commonly needed household, repair, and maintenance tools at no cost. Grant funds will be used to purchase essential hand tools, power tools, safety equipment, storage solutions, and basic inventory management supplies. This project will significantly improve organizational operations by allowing the library to continue adapting its collection for City of South Milwaukee residents' needs.

3b. Estimated Expenses

Tool Library Equipment and Supplies:

- Core hand tools (hammers, screwdrivers, pliers, wrenches): **\$750**
- Power tools (drills, sanders, saws): **\$1,750**
- Safety and measurement tools (gas detector pen, decibel meter, infrared thermometer): **\$500**
- Other requested tools, examples listed in SI **\$1,250**
- Tool storage, shelving, and transport cases: **\$1,250**
- Inventory labeling and basic tracking materials: **\$500**

Total Project Cost: \$6,000

3c. What is the need for and significance of this project and who will be served?

Several South Milwaukee residents lack access to tools required for basic home maintenance, repairs, and small projects, often leading to unnecessary expenses or the disposal of repairable items. This project directly addresses economic and material barriers faced by renters, homeowners on fixed incomes, students, and families who cannot justify purchasing infrequently used tools. By providing shared access, the Tool Library reduces household costs, prevents waste, and builds practical skills, serving South Milwaukee residents with particular benefit to low- and moderate-income households.

3d. What will be the key methods and activities to operate/implement this project?

The project will be implemented through the following methods:

- Purchasing durable, high-demand tools based on community feedback
- Establishing clear borrowing policies and safety guidelines
- Organizing tools using a basic inventory and checkout system
- Integrating the Tool Library into existing library-based programming
- Conducting outreach through library channels, community newsletters, and word-of-mouth
- Checkout will be completed by library staff per checkout and circulation procedures.

- Liability is likely addressed by existing insurance, this will be verified by library director to ensure coverage. In consultation with the Franklin library, which has an extensive operating tool library, a tool library is covered under existing insurance. In addition, an extensive liability waiver is provided during checkout, and the patron has to read and sign before completing checkout.
- Friends' volunteers will support tool preparation, maintenance, and user education. There are currently 50 Friends members out of which around 40% actively volunteer throughout the year.

4. When will the project start and finish?

The project is expected to begin as soon as grant is approved with tool procurement and setup and conclude within 6 months of approval with the Tool Library fully operational and available for community use. Initial months will focus on purchasing and organizing tools, followed by ongoing lending services.

2025 Income Statement

Referendum Campaign	\$1,800		
Library Yoga Classes	\$1,000		

Area Pictures

Currently the library has a public facing area where the empty hard cases for items are displayed as seen in Figure 1. To check out, the patron selects the item from this area and brings it to the checkout counter, there a librarian processes the request and locates the item and brings it to the checkout counter. The public facing area will remain where it is. The area to place and store the tools while inside the library will be in the West facing wall in the library basement as pictured in Figure 2.

Submit application and required documents to: elang@smwi.org with Subject labeled *Civic Grant Application*

Or Provide to: City of South Milwaukee, Attn: Economic Development
2424 15th Avenue, South Milwaukee, WI 53172

P.O. Box 314
1029 Milwaukee Avenue
South Milwaukee, WI 53172
414-764-5340

1. South Milwaukee Human Concerns started as a very modest food pantry in early 1973 and become a non-profit 501c3 on June 5, 1973. It originated in the basement of the former St. John's church on Marquette Ave. It then moved to two separate locations on Milwaukee Ave. until its present location in 1998. Our mission statement: South Milwaukee Human Concerns, Inc. is a non-profit 501c3 organization receiving no taxpayer funds that delivers critical help and hope to need-based residents through emergency food, clothing, and other essential services.
2. SMHC provided over 12,000 individuals in 2025 with food and/or clothing. We also have a stock box program for seniors, diaper/formula program, referrals, and a medical equipment lending program.
3. Project: Marketing Specialist
 - a. A Marketing Specialist will assist and take the lead in communicating & merging the SMHC story about how we impact the community, provide help, and hope for our thousands of clients. The goal is to increase awareness to facilitate monetary support.
 - b. Estimated expenses around \$20,000.
 - c. Friend raising can lead to fundraising and sharing our information can lead to donations. Our annual budgets are dependent upon the support we receive from individuals, businesses & faith-based congregations. About half of our budget emanates from SM residents-which allows us to serve over 9,000 unique clients annually.

- d. Communicating often with the community through a variety of newer/social media and traditional media including our website, is critical to reach current supporters & captivate a new generation of new supporters/donors. A Marketing Specialist will take the lead on a number of needed initiatives including:

- Create content and manage social media.

- Execute a marketing campaign for fundraising, events, and awareness.

- Coordinate community and media outreach.

- Support donor retention efforts.

- Provide guidance to staff and volunteers to continue to forward these actions.

- 4. The project will start June 1, 2026, and finish May 31, 2027.

Thank you for your time and consideration.

Friends of South Milwaukee Library

Bucyrus Civic Grant Final Report

2025 Grant Received..... \$2,100.00

Total Spent on Project..... \$2,100.00*

Video Games and Players for Children and Young Adults

2 Nintendo Switch 2 consoles.....\$999.98

Sales tax on console purchase.....\$59.00

Locking case for Nintendo switch
installed in computer lab\$149.89

Screen protectors\$8.99

4 Joy-Concontrollers.....\$160.00

Nintendo game cartridges.....\$1202.70

Total for Project\$2,580.56+

**Total actual expenditures for the project were \$2,580.56 because the Library purchased two of the newly released Nintendo Switch 2 players instead of the original Nintendo switch. The Friends of the South Milwaukee Library paid for the overage of \$480.56 including the sales tax incurred.*

Project Highlights

- The games are so popular approximately half the games are on loan at all times! As a result, the Library has purchased additional games to better meet the demand for them.
- The Library is starting a monthly Nintendo Game Night featuring a different game each session.
- The Switch 2 player in the computer lab is not being used as much as expected. The Library is working to increase its usage.

Nintendo Game Cartridges***

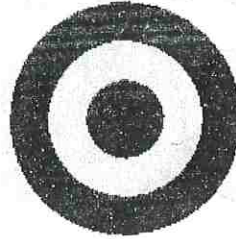

Barbie Project Friendship
Bluey
Dog Man Mission Impawsible
Donkey Kong Country: Tropical Freeze
Five Nights at Freddy's
Hello Kitty Island Adventure
Kirby and the Forgotten Land
Mario Kart 8 Deluxe
Mario Party Superstars

Streamlined Sales Tax Agreement
Certificate of Exemption

This is a multi-state form. Not all states allow all exemption listed on this form. Purchasers are responsible for knowing if they qualify to claim exemption from tax in the state that would otherwise be due tax on this sale. The seller may be required to provide this exemption certificate (or the data elements required on the form) to a state that would otherwise be due tax on this sale. The purchaser will be held liable for any tax and interest, and possibly civil and criminal penalties imposed by the member state, if the purchaser is not eligible to claim this exemption. A seller may not accept a certificate of exemption for an entity-based exemption on a sale made at a location operated by the seller within the designated state if the state does not allow such an entity-based exemption.

2025 Civic Grant Growing South Milwaukee - extension request

To: Bucyrus Foundation Civic Grant Committee

From: Leah Minue, Growing South Milwaukee

May 12, 2026

Dear Ericka and grant team,

I am writing to formally request an extension for the completion of our garden shed project. Due to the significant rainfall we have experienced recently, our construction timeline has been delayed by saturated ground conditions.

We have remained in close contact with our contractor to ensure the project moves forward as quickly as possible. The current revised schedule is as follows:

- **May 23, 2026:** Installation of the gravel bed foundation.
- **June 2026:** Assembly of the shed structure and completion of all peripheral components.

We anticipate having the project fully finalized before the end of June. We are eager to get this infrastructure in place to better serve our organic community gardens and the South Milwaukee neighborhood.

Thank you for your understanding and continued support of our community initiatives. Please let me know if you require any further documentation regarding this request.

Sincerely,

Leah Minue

Growing South Milwaukee

Ellen Colby

Ericka Lang
City of South Milwaukee
2424 15th Ave.
South Milwaukee, WI 53172

April 23, 2026

Dear Ericka,

I am writing to formally request an extension for the use of the Bucyrus Civic Grant funds awarded to the MARM Farm. Due to initial delays in finalizing our project location and securing an approved lease, our project timeline has shifted, and we require additional time to complete certain weather-sensitive components.

Our current project budget remains on track, with the exception of the \$5,000 allocated for alternative energy installation, which has not yet been spent. We anticipate completing the purchase and installation of this energy system by July 31, 2026.

We appreciate your understanding and support as we work to ensure the successful implementation of our project. Kindly let us know the process for extending the grant timeline. Thank you for your continued partnership on this exciting initiative.

Warm Regards,

Ellen Colby

The MARM Farm Civic Grant Financial Summary 2025

The Bucyrus Civic Grant awarded in 2025 totaled \$25,000 and was allocated as follows: \$12,500 for hydroponic units and training, \$3,500 for container rentals, \$2,300 for doors and accessories, \$1,000 for door installation, and \$5,700 allocated for the installation of the alternative energy system (for which we have requested an extension). These funds have supported MARM's establishment of the SCUGU - self-contained urban growing unit – a 40 foot shipping container in conversion to support mushroom and hydroponic growing.

Hydroponic Units and Training – FullCircle26	12,500
Container – MIT Rentals	3,500
Door and Accessories – USA Container	2,300
Door Installation – Charles Burton, Private Contractor	1,000
Remaining Funds for Alternative Energy Installation	5,700
Total	25,000

SOUTH MILWAUKEE BUCYRUS CIVIC GRANT PROGRAM, ADOPTED 2023 PROGRAM REVIEW COMMENTS

SUMMARY OF DISCUSSION ITEMS

- Local government eligibility
- Fixed assets eligibility criteria
- Professional services eligibility criteria
- Potential to limit frequency of applications by organization
- Application submission requirements and reporting requirements
- Timing of fund allocation
- Extension requests

COMMON COUNCIL COMMENTS 5/5/26

- Review program with Licensing & Permit Committee
- Should there be a limit of how often an organization can receive awards
- Should professional services remain eligible or limited
- Unallocated or unspent funds should not carryover to the following cycle

CIVIC COMMISSION

The five-member Civic Grants Commission, appointed by the common council, evaluate applications and recommend funding annually to the Common Council.

BUCYRUS CIVIC GRANT FUNDING

\$50,000 annual budget. Min \$1,000 up to \$25,000. Funds awarded in May.

COMMENT – in 2025 grant commissioners carried over unspent funds from the previous cycle

Funding priorities

1. Civic development
2. Arts and Culture
3. Health and Human Services
4. Education
5. Public benefit/community improvement
6. Environment

Review Criteria

1. Degree to which the proposed activity is appropriate for funding: scale Low to High
2. Impact the activity will have on the community
3. How many people will be served
4. Stability of the program
5. Quality of the services offered

The Grants Commission judges the merits of each application and amount of funding based on the criteria, available funds, past experience and history and other tangible and intangible criteria. It is reserved as the sole decision-maker regarding grant awards.

ELIGIBILITY

Must be classified as a 501(c)(3) (operating one or more years) by the Internal Revenue Service or be a local government agency. Applicant organizations must operate within or directly serve the City of South Milwaukee and funds must be used for the benefit of the community.

COMMENTS

- COMMISSION TO DISCUSS eligibility of local government agencies
 1. Fire Department – received grants for new AED program, new Warm Up South Milwaukee winter coat donations, a new fire extinguisher program for senior
 2. Police Department – received grants for new K9 program. 2026 application for new Ring program

3. Streets Department- applied for tree inventory for new city-wide street tree program (separate from Adopt-A-Tree)

Eligible Grant Items

- a) Existing **program improvements or program expansion** to reach a unique audience.

COMMENT

- Examples:
 1. Professional services for improving operations, grow volunteers, attract investment, process improvements, for example:
 - Marketing/branding/communications
 - Create and update website
 - Grant writing services
 - New technologies, software, including implementation

- b) **New innovative programs** that address an unmet community need.

COMMENT

- Examples:
 1. MARM SGUGU: New community urban farm and education. 2025 grant
 2. SM Library: New community tech lab for IT supplies. 2023 grant
 3. Art Works: public art mural. 2024 grant

- c) **New fixed assets to improve** organizations capacity to serve the community with consideration given to other system improvements.

COMMENT

- **FIXED ASSET DEFINITION:**
 1. It is tangible and has physical substance (storage, fixtures, furniture)
 2. It is used in operations rather than held for resale.
 3. It is long-term in nature, typically lasting multiple years.
- **COMMISSION TO DISCUSS GENERAL OPERATING EXPENSES**
 1. Program states General Operating Expenses are not eligible
 2. General operating expenses for equipment is described as equipment that is small and routine. If equipment is large and capital in nature, then it is not a general expense.
 - **COMMISSION REVIEWED STORAGE** and concluded not eligible
 - Committee concluded that replacing storage with better equipment, whether results in increased storage, longevity of what storing, or whether never had and would improve operations, is not eligible.
 - Previous requests from Human Concerns, Bucyrus Museum, and SM Historical Society were not eligible. In 2025 the commission approved one specific storage bin for preserving large documents and images for the Historical Society. They did not have any storage equipment for these sized documents.

- d) **Capacity building efforts** that benefit existing nonprofit organizations.

COMMENT

- Examples:
 1. Board development, training and succession planning
 2. Develop volunteer attraction campaign
- **COMMISSION TO DISCUSS**
 1. Some grant awards are for new programs and affiliated equipment. The financial reports do not contain documentation of a written new program or affiliated expenses.
 - Examples:
 - SMFD new Senior Extinguisher Program. Grant paid for extinguishers

- SMFD new Warm Up winter coat program. Grant paid for coats.
 - SMFD new defibrillator program. Grant paid for AEDs
- e) **Vibrant art and cultural amenities** and other **activities** that offer experiences for residents and visitors.
- COMMENT**
- Commission noted a mural shifts community identity and helps transform the downtown
 - Commission agreed a unique and initial performances may be eligible, or creating a new outdoor performance program.
 - Commission agreed a second mural from Art Works would not be eligible.
 - For murals, the sign code does not allow a mural to advertise a business or have a theme that is the same as the business in the building the mural is on.
 - Examples:
 1. Art Works was awarded a grant for a mural on 907 Milwaukee.
 2. Celebrations Committee 2025 award for Jazz in July event
- f) **Programs that encourage collaborative partnerships** that employ comprehensive strategies to strengthen community systems.
- COMMENT**
- Examples:
 1. Health departments, clinics, and a nonprofit that address a health disparity
 2. Library, youth organization and maybe workforce agency that co-deliver tutoring, job-readiness workshops
 3. Various wraparound services for mental health, housing, and safety
- g) **Programs that empower individuals or groups** of people with the **skills** they need to effect change.
- COMMENT**
- Examples: Training for new program, required skills, leadership
- h) Organization's **planning needs** related directly to how they might achieve their mission through **strategic planning**, merger conversations, and similar efforts.
- COMMENT**
- Examples: Develop diverse revenue strategies to strengthen donor stewardship processes and improve financial planning tools
- i) **Community initiatives** that advance **solutions to community's greatest challenges** using innovative strategies and a collaborative spirit
- j) **New projects that sustain a healthy local community** and provide opportunities for **outdoor entertainment and recreation**.
- COMMENT**
- Examples:
 1. MARM Farms SCUGU. 2025 grant

Ineligible Grant Items

Grants will not be considered for:

- a) Organizations which discriminate on the basis of age, gender, ethnicity, sexual orientation, national origin, religious affiliation, or presence of a disability.
- b) Organizations whose primary purpose is to influence legislation or to participate in a political campaign.
- c) Faith-based organizations that do not serve persons outside of their membership, include proselytizing in programs, or condition receipt of services on belief in a particular faith.

- d) Sport organizations or booster clubs' that are part of the School District
- e) South Milwaukee School District (Has dedicated annual Bucyrus Foundation funding)
- f) Direct support of individuals.
COMMENT
 - COMMISSION TO DISCUSS
 1. Only limited professional contracted work is eligible
 2. Commission noted that internships are not eligible, whether working on eligible project or not. Discussed 2023
 3. 2025 Human Concerns approved grant for a grant writer hired individuals
 4. 2026 Human Concerns application states they would hire a recent college graduate to do. Proof of legal entity/name should be required
- g) General fund drives
COMMENT
 - COMMISSION TO DISCUSS
 1. Commission discussed fund drives for a specific improvement and differentiating from maintenance. If grant does not cover 100% of project, could approve if completed within grant year.
 - Commission denied funds for Human Concerns annual fundraising event
 - SMFD Warm Up nonprofit winter coat drive is a new program for the nonprofit and awarded a grant.
- h) Building or capital campaigns
COMMENT
 - Commission discussed differentiating between improving a building and maintainance.
- i) General operating expenses
SEE COMMENT UNDER ELIGIBLE
- j) Preschools, day care centers, nursing homes, etc.
- k) Tickets, raffles, golf outings or sponsorships
COMMENT
 - Commission denied First Responders Children's Foundation for sponsoring a South Milwaukee individual
- l) Conduit organizations
COMMENT
 - Some foundations are conduit organizations, but most are not
- m) Organizations with an "active" grant.
COMMENT
 - Commission asks applicant. No other investigation is done
- n) Projects that have been completed
